10 In returning herewith the unofficial file I may be permitted to point out most respectfully that if the Secretariat had adhered strictly to the procedure contemplated in Official Memorandum dated the 9th June 1941, the Government perhaps, would not have accorded sanction to this irregular appointment 11 The records show that an unqualified person from the inferior service has been appointed in Class II vacancy contrary to the rules of recruitment Moreover, the vacancy in question arose as far back as April 1942 and was available for more than a year The President should have made a reference much earlier for filling up the vacancy according to the rules of

of recruitment Instead he has allowed the offi to take leave piece-meal and the interim arrangemen continued till the auditor took objection The President may be intimated to avoid such appointment in future

Sir,

I have the honour to state that one Doraswami, Sanitary Overseer on Rs 20-1-25 went on casual leave, to begin with, from 13th April 1942 and subsequently applied for two months' privilege leave on the ground that he had been laid up with paralysis In submitting his application the Health Officer recommended that the leave applied for by Doraswamy may be sanctioned and that during his absence Disinfection Head Canaman Appiah (Yadava) on Rs 15/- who was doing the duties of Sanitary Overseer (although as a disinfection sanaman) from a pretty long time may be appointed temporarily as Sanitary Overseer as he was conversant with the work Copy of his report is enclosed As the period was only two months, the recommendation of the Health Officer was approved

2 Doraswami did not however return to duty on the expiry of leave and applied for an extension of two months leave The Health Officer having reported on 9-7-1942(vide copy enclosed) requesting sanction to the leave and to the acting arrangement already made, the same were sanctioned in the interest of work and the Director of Public Health was addressed to post a substitute in place of Doraswami No substitute was sent and as the Sanitary Overseer began to extend his leave, piecemeal, the Director of Public Health was once again requested to post a hand Till now no substitute has been sent and Appaiya is still continuing On being asked why this man is being continued the Health Officer reports that Appaiya is the only competent man among the lower subordinates who could satisfactorily -

discharge the duties of the Sanitary Overseer and that as such he is being continued in the absence of a suitable substitute and pending the appointment of one by the Director of Public Health In his letter No HES 569 dated 9-1-1943 (copy enclosed) in another case, the Director of Public Health has stated that all the trained candidates have been employed and the next batch will be available in June next when a substitute would be sent

3 The Auditor has raised an objection that the pay of Appiaya as Sanitary Overseer could not be passed since his appointment to superior service required sanction of Government I request that under the circumstances of the case sanction of Government may kindly be obtained for the appointment of Appaiya (Yadava) as acting Sanitary Overseer from 13-4-1942 till a duly qualified Assistant Sanitary Inspector is posted by the Director of Public Health
